**LinkedIn**: <https://www.linkedin.com/in/ahmed-kralani-637654197/>

**Gender**: Male **Date of birth**: 09/08/1995 **Nationality**: Kosovar

## ABOUT ME

I am an ambitious problem solver with a passion for programming, who would like to join a team of likeminded developers, enjoy challenges and getting out of comfort zone. I have keen interest in technology, web, and desktop applications.

## WORK EXPERIENCE

[ 04/2023 – Current ]

### Web developer

**Demogency** <https://www.linkedin.com/company/demogency/>

**City**: Prishtina

**Country**: Kosovo

Throughout this contract, my task has been to develop a system using programming languages in the backend side PHP together with MySQL, and in the frontend side HTML, CSS, JS, a system which with just a few clicks enables downloading, editing and database storage of CSV format files from six different suppliers. Access to these providers is through API, FTP, login form, among others.

[ 09/2022 – 02/2023 ]

### Software developer

**Global Consulting Solution**

**City**: Prishtina

**Country**: Kosovo

Using the Go programming language, we developed an API that deals with investment management in financial markets, cyclical analysis based on technical analysis and risk and portfolio management among others. While for the ROADMASTER, leading company in Saudi Arabia, but also known internationally in the field of Car Entertainment we have maintained a website for online sales developed in advance on the Magento platform.

[ 09/2021 – 02/2023 ]

### Financial markets analyst

**Global Consulting Solution**

**City**: Prishtina

**Country**: Kosovo

Blockchain technology and managing investments-consultancy provided for different local and international clients. How to effectively manage investments in the financial markets, experience exchange with interested parties in understanding main market rules, cycle analysis, using advanced methods for predicting direction of the market, portfolio and risk management, etc.

[ 01/2021 – 04/2021 ]

### Back End Intern

**Software Development Solution** <https://sds-ks.com/>

**City**: Prishtina

**Country**: Kosovo

During this time, my job as a Back End Web Developer has been to implement new features as needed using the Laravel framework (RESTful API). While at the end of the internship I developed a theme for the Shopify platform.

[ 06/2020 – 08/2020 ]

## Laravel Intern

**Starlabs** <https://www.starlabs.dev/>

**City:** Prishtina

**Country:** Kosovo

In a group of 4 members, we used Laravel and MySQL to create a forum where users could login, post various posts, upvotes/downvotes posts, upload images, write comments, etc.

## EDUCATION AND TRAINING

---

[ 10/2017 – 2023 ]

### Bachelor Degree on Computer Science and Engineering

**UBT College** <https://www.ubt-uni.net/>

**City:** Prishtina

**Country:** Kosovo

[ 06/2019 – 12/2019 ]

### Junior Java Developer

**Rochester Institute of Technology A.U.K** <https://www.rit.edu/kosovo/>

**City:** Prishtina

**Country:** Kosovo
