## Communication

Well organized, communicative, English speaker (level; very good).

Trained in interviewing and public relations, as well as persuasive skills.

## Skills

My skills are more expressed in terms of programming. I have skills in web-developing, working with HTML, CSS, JavaScript, PHP, Ajax, MYSQL, etc. I

also have experience with programming languages C++, Python, Java, JavaFx.

Is worthy to tell that I have experiences with Linux(Ubuntu). I also have knowledge from the engineering aspect of terms and concepts, as well as the handling of engineering issues.
