---

This was a workshop for high school and university youth to learn and develop their soft skills such as communication, leadership, teamwork, critical thinking, and creativity.

**Address** 10000, Prishtina | **Website** <https://prishtina.ackosovo.com/>

16/10/2020 – 31/01/2021 Kosovo

**"JAVA PROGRAMMING" TRAINING** "Omicron" Sciences Academy

---

In this training I won the certificate for the successful completion of the java language programming course. Emphasis is placed on programming methods, including creating and manipulating objects, classes, and using object-oriented language tools such as the class debugger. Certificate states that the student is able to: A. design, create, build, and debug java applications and applets, B. apply algorithmic thinking to solve programming problems, C. implement syntax rules in java programs, D. explain variables and data types used in program development, E. apply arithmetic operations to display numeric output, F. write and apply design structures to define various operations, G. write and apply "loop" structures to perform iterative tasks, H. write user-defined methods, I. identify strings, lists, and multi-dimensional arrays.

**Website** <http://www.omicron-academy.com/> | **Field of study** Java Programming

01/10/2021 – 14/05/2022 Prishtina, Kosovo

**MENTEE OF MOF PROGRAMME** Mentoring our Future

---

This program's major goal was to make it easier for experienced professionals to share their knowledge and expertise with us (mentees) being interested in pursuing careers in same fields. The program was implemented with KUSA and funded by the U.S. Embassy Prishtina.

**Address** 10000, Prishtina, Kosovo | **Website** <https://mofkosovo.com/> |

**Field of study** Information and Communication Technologies

12/04/2021 – 09/08/2021 Virginia, United States

**THE CYBER JEDI** Organization CRDF Global

---

In this training I won the certificate as "Cyber Jedi" for the successful completion of this international training with 95.2% of the total points, a training conducted with the support of the US Department of State and in partnership with Ernst and Young, while the organization CRDF Global has developed the <https://cybereducation.org> platform for providing online courses. With this training I have gained the necessary knowledge for protection from cyber attacks that we encounter every day and for maintaining cyber hygiene by getting acquainted with the basic rules for information security.

**Address** 1776 Wilson Blvd. Suite 300, Arlington, 22209, Virginia, United States | **Website** <https://cybereducation.org/>

16/11/2019 – 12/03/2020 Kosovo

**"MICROSOFT EXCEL" TRAINING** "Omicron" Sciences Academy

---

Here I'm certified for the successful completion of the Microsoft Office course. Certificate states that the student has mastered the following concepts: Creating electronic documents, managing large data sets, mastering the use of some of the most popular and highly-requested functions (Sum, vlookup, if, average, index/match and much more ...), creating dynamic reports with excel pivot-tables, opening the power and versatility of microsoft add-ins, powerpoint, and auditing excel formulas for ensure clean formulas.

**Website** <http://www.omicron-academy.com/> | **Field of study** Microsoft and Windows

13/06/2015 – 12/05/2017 Kosovo

**C2 PROFICIENCY QUALIFICATION IN ENGLISH LANGUAGE** "The Harvard School"

---

In this training I was rewarded for completing with excellent achievement in the C2 advanced English language course. In this course I have developed the basic skills of a language: listening, reading, speaking and writing in very advanced way.

**Website** <https://www.facebook.com/harvardfb-343646235799337/> | **Field of study** English

10/10/2021 – 27/10/2021 Prishtina, Kosovo

**DIGITAL VERIFICATION TRAINING** Kosoalive, British Embassy Pristina, Albany associates

---

We gained practical skills that helped us identify and monitor disinformation and its sources. The sessions offered real and practical experience in identifying disinformation networks in local and foreign media; identifying fake social media accounts; verifying the authenticity of photos and videos; and reporting on disinformation without helping to reinforce it.

**Address** Pallati i Shtypit, Media Aneksi II, 10000, Prishtina, Kosovo | **Website** [www.kosoalive.org](http://www.kosoalive.org) |

**Field of study** Digital Verification

01/07/2019 – 01/07/2020 Kosovo

**SOCIAL MEDIA MANAGEMENT** Advocacy Training and Resource Center (ATRC), USAID, Center for Advanced Studies – FIT

---

The aim of the project was to engage young students in seminars on Social Media Management, in order to increase their employability based on their skills, improve their critical thinking and strengthen their self-confidence, thereby helping them to become active participants in the labor market.

**Field of study** Social media management

### VOLUNTEERING

21/10/2022 – CURRENT Prishtinë

**Leader of Group of Education, Technology, Innovation and Entrepreneurship in UP** The purpose of this group was to offer to us opportunities to engage, learn and develop topics and projects for which we share similar interests.

Group participation allowed us to pursue our passions and interests with other students while developing leadership and organizational skills throughout undergraduate experience.

In my leadership we created the platform [Edukim, Teknologji, Inovacion dhe Ndërmarrësi \(etinup.com\)](https://www.etinup.com/).

Link <https://www.etinup.com/>

### MANAGEMENT AND LEADERSHIP SKILLS

**Project Manager and Leader in EtinUP** In my leadership of the group of Education, Technology, Innovation and Entrepreneurship, we have successfully created the project - the development of the platform for students of the University of Prishtina called EtinUP.

Link <https://www.etinup.com/>

### PROJECTS

05/05/2023 – 02/08/2023

**IBM-Watson-NLU-Project** Successfully forked Git repository, installed server-side packages, integrated IBM Watson, created endpoints, developed React client side, and maintained version control with precise commits and pushes.

Link <https://github.com/QabiEj/cazgi-IBM-Watson-NLU-Project.git>

27/10/2022 – 10/12/2022

**Development of the platform for education, technology, innovation and entrepreneurship** In cooperation with my group members, we have created the website <https://www.etinup.com/>, which will serve the current students at the University of Prishtina (UP) and the future ones, for information about the faculties, interaction between students and access to creative video/audio recordings and educational information.

Link <https://www.etinup.com/>

10/12/2022 – 15/05/2023

**Developing the platform EtinUP** Creation of this project is an impressive achievement that demonstrates creativity, innovation, and dedication to making a positive impact on my community.

Link [www.etinup.com](https://www.etinup.com/)

08/01/2023 – 08/05/2023

**E-commerce website with PHP** Built a dynamic eCommerce site in PHP with user authentication, detailed product listings, advanced search, and secure cart functionality. Integrated PayPal for safe payments and included order tracking. Utilized MVC architecture for flexibility and customization.

**Link** <https://github.com/QabiEj/e-commerce.git>

07/05/2023

**Software engineering of an ecommerce website with shopping carts** This is proof of my UI/UX design skills.

**Link** <https://github.com/QabiEj/SoftwareEngineering-EcommerceWebsite.git>

**ChatGPT next web project**

**Link** <https://chat-gpt-next-web-lake-five-25.vercel.app/>

## **HOBBIES AND INTERESTS**

**Artificial Intelligence and Machine Learning**

**Mobile App Development**

**Web Development and Design**

**Software Development and Coding**

## **HONOURS AND AWARDS**

23/12/2022

**Honored with price of best group project – KUSA**

## **NETWORKS AND MEMBERSHIPS**

10/02/2023 Prishtina

**Fellow of the program of Fellowship from Teach for Kosova** This is a 2-year full-time teaching and leadership development program for outstanding Kosovars to realize their professional and leadership potential while committing to teaching in the classroom. It will be placed in low-resourced, high need public schools, and be supported for two years with intensive leadership development and support.
