Reading

WORK EXPERIENCE

Call Center Agent	**July 2023 - October 2023**
Bambus Group	*Pejë, Kosovo*

As a Call Center Agent, I developed great communication and problem-solving skills working both individually and in a team-oriented environment. I showed a great capacity for customer empathy by offering specialized solutions that increased the client loyalty and happiness.

EDUCATION

Bachelor of Computer Science	**In progress**
University of Pristina	*Prishtinë, Kosovo*

Currently in my last year of academic studies, where I gained strong knowledge in many fields of computer science such as software development, networking, databases, data security, computer architecture and artificial intelligence. I have consistently shown academic excellence, achieving high grades and actively participating in numerous projects that showcase my teamwork and leadership skills.

TRAINING

Successfully completed a series of comprehensive online courses on Udemy, covering diverse topics such as web development, Python programming, data security, SQL, version control with Git, and ethical hacking techniques.
