About Me

Highly focused, hardworking, and fast-learning Computer Science student looking for an internship to jump-start my career in Frontend Development. I am skilled with HTML/CSS creating responsive websites, and intermediate in Javascript and ReactJs framework.

Education

2019-2022

University of Business and Technology

Bachelor of Computer Science

Language

English

Skills

- HTML/CSS
- JavaScript
- React
- Git

Reference

References on request

Courses

Web Development at Roi Academy

Spent 4 months learning the basics of HTML/CSS and about responsive websites, then continued on into JavaScript where we learned about DOM, functions, events and so on until moving on to React where we learned what is React, components, router, bootstrap etc.

Hobbies

- Youtube Learning
- Video Games
- Football
