Home: Kodra e Trimave, 10000 Prishtina (Kosovo)

ABOUT ME

As a motivated and detail-oriented student pursuing a degree in Computer Science, I am eager to apply my skills and knowledge to a challenging internship position as a Software Developer. With a strong foundation in programming concepts and extensive experience in software development, I am confident in my ability to contribute to a dynamic and innovative team.

VOLUNTEERING

[01/03/2024 – 01/06/2024] UBT - University for Business and Technology

Full Stack Developer

Developed a comprehensive food ordering app using Java Spring Boot, ReactJS, and MySQL, incorporating features such as secure payments via Stripe, real-time order tracking, and an admin dashboard for efficient management and analytics.

Java Spring Boot, ReactJS, MySQL;

EDUCATION AND TRAINING

Computer Science and Engineering

University for Business and Technology [01/10/2022 – Current]

City: Prishtina | Country: Kosovo | Website: <https://www.ubt-uni.net/en/home/> | Final grade: 8.9/10.0 | Thesis: Developed a comprehensive food ordering app, created a pet adoption platform

Mathematics I, II & III, Algorithms & DS, Design and Analysis of Algorithms, Web Dev I and II, Software Engineering, OOP, Human-Computer Interaction, etc.

Successfully completed Web Application Developer course

Beetroot Academy [01/09/2023 – 02/2024]

City: Prishtine | Country: Kosovo | Website: <https://xk.beetroot.academy/>

- Completed a detailed web development course, gaining proficiency in ReactJS, JavaScript, HTML, and CSS
- Developed and integrated APIs into projects, enhancing functionality and user experience.
- Utilized Scrum methodology to manage project tasks and workflows, completing several small-scale projects.

Successfully completed the "Java Programming Course"

Cactus Education [01/03/2022 – 31/07/2022]

City: Prishtine | Country: Kosovo | Website: <https://cactus.education/> | Final grade: 10.0/10.0

- Completed coursework in Java Fundamentals
- Consistently achieved high scores on assessments

- Gained hands-on experience with cutting-edge learning systems and technologies
- Engaged with a community of like-minded individuals with a wealth of knowledge in programming

Successfully completed the "JavaScript and ReactJS Online Course"

Codecademy [01/07/2024 – 01/09/2024]

City: Remote | Country: Kosovo | Website: <https://www.codecademy.com>

- Acquired proficiency in **JavaScript**, focusing on asynchronous programming, and DOM manipulation.
- Learned **React.js**, mastering component-based architecture, hooks, and state management.
- Built responsive user interfaces and integrated APIs for dynamic, data-driven applications.
- Explored modern development tools like **React Developer Tools**. Practiced debugging, performance optimization, and adhering to best coding practices.

HONOURS AND AWARDS

[02/10/2024] Erasmus+

Erasmus+ ELEGANTS Program – Project Participant and Winner

- Selected to participate in the **E-Learning Gamified and Networked Training for Startupers (ELEGANTS)** program, an initiative fostering innovation and entrepreneurial skills.
- Contributed to the development of "**Voices of the Fallen**", a digital memorial project leveraging **QR codes** and **Augmented Reality (AR)** to preserve and share the stories of World War II martyrs.
- Collaborated with a multidisciplinary team to create an interactive platform featuring QR-coded gravestones and AR-enhanced experiences, including 3D battle reenactments, virtual tributes, and guided tours.
- Demonstrated skills in project planning, historical research integration, and cutting-edge technology development.
- Recognized as a program winner for the innovative approach to historical preservation and community engagement.
