## About Me:

I am a hardworking and ambitious individual with a great passion for Engineering. I have excellent communication skills, enabling me to effectively communicate with a wide range of people. I am seeing a full-time position in the industry in which I can put into practice my knowledge and experience, ultimately benefiting the operations of the organisation that I work for. I have gained some good skills in University while working in different project with my teammates, I learned Object Oriented Programming with Java, Python, C#, PHP etc. I also learned Web Programming with HTML5, CSS, JavaScript and Bootstrap in school projects, while recently I have also done a training by Techstitution in Web Programming where I used HTML5, CSS, JavaScript and Bootstrap. In the second year of studying I worked in a project maintaining the database where I had the chance to learn how MySql works with database, where I used these skills in other projects too.
