EDUCATION

UNIVERSITY OF PRISHTINA
Faculty of Electrical and Computer Engineering 2021 - Present
Major: Computer and Software Engineering

SUMMARY

As a graduate in Computer and Software Engineering, I have built a strong academic foundation and developed a deep passion for software development. I am eager to apply my skills in programming and object-oriented design as a Software Developer. I look forward to contributing to innovative projects and further expanding my expertise in a collaborative and dynamic environment.

PROFESSIONAL EXPERIENCE

TEB Sh.A May 2024 – August 2024 Network and Security Systems Intern
- Hands-on experience in IP subnetting, routing, connectivity, switching, and security.
- Proficient in designing and implementing IP subnets, optimizing routing protocols, and managing network switches.
- Skilled in implementing security measures such as firewalls and intrusion detection systems to protect network infrastructure.

CMD Software – November 2024 – Present Back End Developer
- Back-End Developer (C#, .NET, Blazor)
- Developed and maintained back-end services using C# and .NET.
- Built interactive and dynamic web applications with Blazor.
- Worked with databases and APIs to ensure efficient data processing and retrieval.
- Collaborated with cross-functional teams to develop scalable and high-performance applications.

SOCIAL SKILLS AND COMPETENCIES

- Strong communication, creative thinking, and critical thinking skills
- Excellent problem-solving abilities with attention to detail
- Good collaboration and interpersonal skills

TECHNICAL SKILLS

Programming Languages: Java, Python, C++, C#, PHP, JavaScript
Databases: MySQL, PostgreSQL, MongoDB
Web Development: MVC, Laravel, JavaScript, .NET, React, Angular, HTML5, CSS3
Object-Oriented Programming: Proficient in OOP concepts and design patterns
Quality Assurance: Manual and automated testing strategies, bug tracking, SDLC
Networking: Subnetting, IP addressing, network configuration, network monitoring, network security, VLAN configuration, and TCP/IP protocols

COURSES

Quality Assurance Manual - Beetroot Academy, 2023
Completed a course on QA methodologies, covering manual and automated testing, bug tracking, and software quality management.
Agile basics & SCRUM foundations - EX-CITE, 2024
Gained proficiency in Agile principles, SCRUM framework, and collaborative project management.
